

Hindgut Stabilizer Pellets

DAILY HINDGUT SUPPORT FOR HORSES

Farnam® Hindgut Stabilizer Pellets help maintain a healthy hindgut and digestive tract in horses under stress. Specially formulated with a combination of ingredients to provide a balanced microbiome to support the fermentation of fiber, bind bacterial toxins, and promote healthy intestinal tissue for complete hindgut support. Ideal for horses consuming high-grain diets and grazing on lush pasture or stressed from stall confinement due to injury or illness, weaning, rigorous performance demands, competitions or shows and trailering. Can be fed year-round as part of your horse's daily regimen for ongoing hindgut and digestive support.
